Announcement

For this, the Twenty-fifth Annual Public Sale from the Walnut Hill Short Horn Cattle Herd, we have selected a "Breedy Offering." All of the animals except Lady Barrington 2d are under seven years old. All females of sufficient age have produce in the sale except Lady Shadeland, whose last year's calf we keep on the farm. The cattle are not fat, but in a good, healthy, thrifty condition, that can easily be maintained on good pasture: Many of the cows are very heavy milkers and are raising strong, husky calves that they have nursed during the winter. The heifers are all from deep milking dams and we believe this lot should especially commend themselves to the farmer and young breeder who wishes to start a herd of good, useful Short Horns at reasonable prices.

We believe every animal catalogued to be a breeder and guarantee same, but assume no liability for loss or damages of any kind while the individuals are in hands of the purchaser. "A cow shall be considered a breeder if she has at foot a calf that was carried a full period of gestation and in our hands not served by a bull since the date of birth of such calf. 2d. A cow that has remained quiet for four full periods from the date of last service, having carried her last previous calf a full period of gestation, such calf being not more than seven months old at time of such last service." No habitual aborter is included in this sale.

A heifer that has never produced a calf shall be considered a breeder if after coming in heat regularly has not been served by a bull more than four times and has remained quiet for four full periods from date of last service. Should any female shown by our service list to have been bred, fail to remain quiet four full periods from date of such service we must be immediately notified in writing, otherwise it will be conceded by purchaser that such female is at his risk as to future usefulness.

A bull twelve months old or over during the years of ordinary usefulness shall be considered a breeder when not being allowed to run at large with the breeding herd, he will get with calf at least 70 per cent of the regular breeding females he may serve during the breeding season.

Upon the receipt of sufficient evidence that any animal in this sale fails to fulfill the conditions of this guarantee on or before December 1, 1903, and the free delivery of such animal in good, thrifty, healthy, condition, on board cars at Clive, Iowa, we will refund the purchase price together with 7 per cent interest on same.

Martin Flynn & Sons.

Terms and Other Information

The sale will be held under cover at the Walnut Hill Farm, which is situated on the Des Moines division of the Chicago, Milwaukee & St. Paul Railway. All trains will be met at Clive, Iowa, two miles from farm. A special train will leave the Union Station, Fifth and Cherry Streets, Des Moines, at 9 o'clock on morning of sale.

Free entertainment night before sale will be furnished to visitors from a distance at the Iowa Hotel, West Fourth and Court Avenue, Des Moines, and every effort used to make our guests and friends comfortable.

Terms cash, or six months time on approved notes bearing 7 per cent interest. Those wanting credit who are not personally known to us are requested to bring bank references.

Mail or telegraphic bids can be sent to the auctioneers in our care.

Stock will be put on the cars free of charge, but will be at purchaser's risk after bid off.

You are cordially invited to attend the sale and requested to bring this catalogue with you.

A lunch will be served at 12:00 o'clock. Sale will commence at 1:30 o'clock P. M.

Martin Flynn & Sons.

Attention is called to the sale of Mr. C. S. Barclay, West Liberty, Iowa, on May 26th; E. S. Donahey, Newton, Iowa, May 28th, and John Lester, Conrad, Iowa, on May 29th. Arrange to attend this series of sales.

This is a strong heavy fleshed cow and a very easy keeper.

Red, little white, c. c., dropped April 27, 1903; sired by Aberdeen Chief.

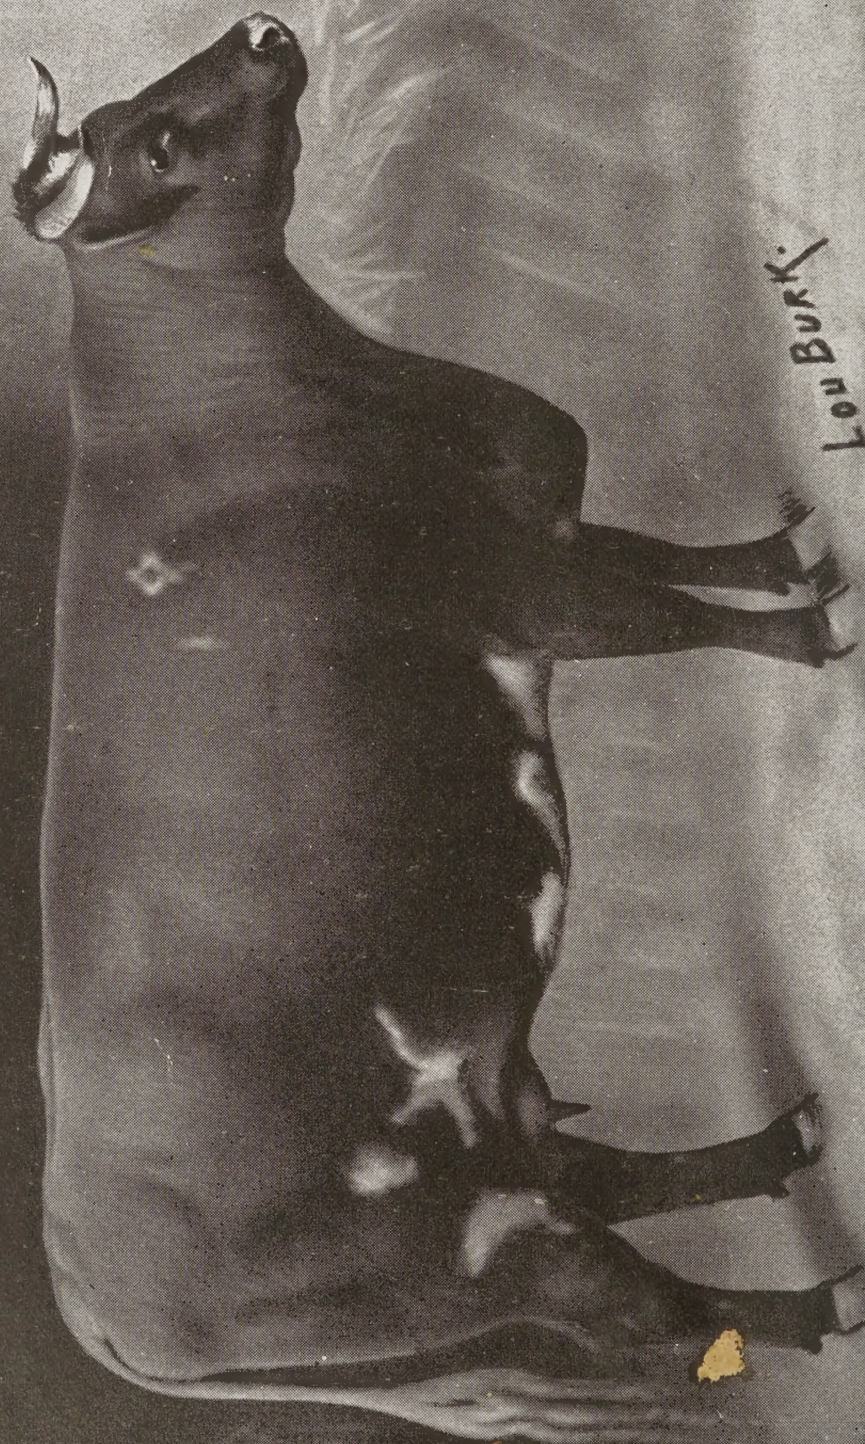

Imp. Autumn Glade—by the famous Cumberland—is a valuable cow of Mr. Cruickshank's own breeding, and attention is particularly asked to the exceeding richness of her pedigree—the line of Sittyton celebrities on top being preceded by an array of Booth, Knightly, Bates, Dudding, Champion and other bulls of sound old English herd book stocks, anchored in the herd of Sir George Strickland. This is a family that has produced many grand Short Horns.

Highland Chief—by True Highlander 121401, out of Mysie of Aberdeen, by Imp. Amhurst (47341); Mysie of Turlington, by Violet Knight 78287; Mysie 4th, by Earl of Aberdeen 45992; Mysie 43d, by Crown Prince of Athelstane 2d 16585; Imp. Mysie 36th, by Scotland's Pride (25100).

King James—a red, sired by Spartan Hero 77932, bred by A. Cruickshank, imported by J. I. Davidson, Ontario; dam, Imp. Narcissus, bred by A. Cruickshank, by Barmpton 45246; Flora 7th, by Royal Forth (25022).

Imp. Thistle Top—a red Barmpton Rose bull, used at Linwood and sold to Mr. T. P. Babst, who won first prize with him at the Kansas State Fair in 1889, direct from the Linwood pastures, in the face of unusually strong competition. He was sired by Crusader 47656; he by the Sittyton bred Cawder 65412, out of Beauty, by Lord Forth 64916; dam Barmpton Lilly, by Roan Gauntlet 35284; second dam Barmpton Spray, by Caesar Augustus (25704); third dam, Barmpton's Flower, by Allan 21172.

Cumberland—one of the great sires at Sittyton—by the prize bull Pride of the Isles 35072; dam Custard [of Mr. Cruickshank's Cressida tribe], by Royal Duke of Gloster 29864, he out of a Champion of England dam; second dam Princess Royal, by Champion of England (7526), the bull credited by Mr. Cruickshank with having improved his herd more than any other he had ever used.

Due to calf before day of sale.

Here is a young cow that from her breeding and merit is entitled to a place in any of the best herds in the land. She is practically the same in blood lines as the Golden Drop.

Mina 2d—by Royal Barmpton, was exported to England. James I. Davidson says: "I had a visit from Robert Bruce, Elm Grove, Darlington, England, in May last, which resulted in the purchase of Mina 2d and her red roan bull calf, Ontario Lad. They were shipped along with a bull bought from the Hon. John Dryden, also a heifer from W. A. Harris, of Linwood, Kan. They were all bought by Mr. Bruce, and no one knew their breeding better, and there are few as good judges as he."

Grand Baron—a richly bred Cruickshank Lavender, sired by Glau-cus 115662 (bred by W. A. Harris); dam, 17th Linwood Lavender, by Spartan Hero 77932; Imp. Lavender 38th, by Dunblane 65995.

Village Boy 9th 130867—was got by Scottish Prince 121084; out of Village Beauty 4th, by Hotspodar (103644); exported by Robert Bruce, out of Village Beauty 3d; Vanguard 101744, to Imp. Village Girl, by Scotland's Pride (25100).

Gravesend's Heir 119502—was bred at Kinellar, Aberdeen, Scotland, and imported in 1887 by Joseph Redmond; got by Gravesend 98361, out of Imp. Princess of Wales 8th, by Goldfinder 61385.

Field Marshal 97963—imported in dam from herd of Mr. Cruickshank by J. I. Davidson; got by Julius Caesar 75674, bred by and used in the herd of Mr. Cruickshank; out of Imp. Aricula, by Roan Gauntlet 45276.

Brawith Bud	Sir Walter (2639).....	R. Crofton

Imp. Foxglove is said to be one of the best Cruickshank cows ever imported.

Roan b. c. at foot; calved February 20, 1903; sired by Lord Darnley 151011.

Scotch Cup—a pure Scotch of the Secret family, as great a combination of size, style and finish as any bull in America—a 2,700-pound bull, and could have been pushed very close to 3,000-pound mark. His dam, the Cruickshank cow Seamaid, bred by Hon. John Dryden, of Canada, was one of the best Cruickshank cows ever brought to the United States. Got by Cruickshank bull Patriot 104692, out of Imp. Sultana, bred by A. Cruickshank, got by the famous Pride of the Isles, out of Souvenir, dam of Imp. Spartan Hero. Scotch Cup has been shown quite successfully through the east, had the honor of defeating many crack show bulls of America, including the champion, Royal Hero.

Imp. Cupbearer—has an almost unbroken succession of victories to his credit, won in the sharpest competition at the leading shows of both continents, his career as a show bull of both continents is too well known to need comment in this connection. Suffice it to say, he has won more championships in Great Britain, Canada and the United States than any bull ever imported, and as a sire has rivaled his show yard success, was got by Rob Roy 94845, out of Countess 4th by Gladstone (31253); Countess 2d, by Heir of Englishman (24122).

Imp. Sussex—got by Baron Violet 90446, out of Serenity by Barmpton 45246; Souvenir, by Royal Duke of Gloster 20901; Superb, by The Czar (20947); Splendor by Lord Sackville (13249); Sympathy, by Duke of Athol (10150).

Imp. Nerissa 11th—(Vol. 1, p. 416, C. H. B., and Vol. 13, p. 625 E. H. B.) by Hamlet 8126, roan calved February 9, 1857, bred by E. Bates, Kelsterson; imported in August, 1867, by John Thompson, Whitby, Ontario. An analysis of her pedigree shows that she was a richly bred cow, running through the sires in her pedigree to the best of the early herds.

Sunset 121296—bred by John McHugh, Cresco, Iowa, and owned by W. L. Ketcham, Anamosa, Iowa, got by the celebrated bull Gaveston 112058, out of Imported Sunbeam, by Dunblane 65995. Duke of Gloster 111662, bred by A. & G. Davidson, Monticello, Iowa, and used in the herd of W. L. Ketcham, Anamosa, Iowa; got by Royal Senator 100654, out of Duchess of Gloster 16th by Duke Lavender 69296, tracing to Imported 12th Duchess of Gloster by Champion of England 17526.

Royal Barmpton 94949—bred by A. Cruickshank and imported by John Dryden got by Lord Lansdowne (29128), out of Butterfly's Delight by Allen (21172). Butterfly's Joy by 2d Duke of Wharfedale (19649).

Stanley 2d of Maine Valley, 21128—bred by John Dryden, of Canada, got by Imported Stanley 21127; out of Imported Mimulus, by Champion of England (17526).

Breadalbane (28073)—is a son of that greatest of Cruickshank sires, Champion of England; dam, Butterfly 9th by Baronet (15614) Butterfly 5th by Lord Raglan (10244), and Butterfly by Matadore (11800).

Red; Calved October 8, 1902

Sired by Champion 118343 J. S. McCauley
Red Beauty, etc., as in dam's pedigree above.

Champion represents a thoroughly good type of the short-legged, easy-keeping, early maturing Cruickshank Short-horn, and as such has been used with satisfactory results and proven himself a credit to Maple Leaf herd.

Imp. Wild Eyes Winsome 2d—bred by Mr. J. Riggs, Wortham, Hill Park, England, purchased from him and imported in 1880 by the late Col. H. M. Vaile, of Independence, Mo. She is a descendant of the Wild Eyes tribe of the late Thomas Bates, and is known as the Maynard branch, which has been considered by breeders for many years as being one of the most choice branches of her far-famed family. Three heads of this family at the New York Mills sale sold for over \$3,000 each.

Airdrie Duke of Hazelhurst—a Bates Duchess bull of great individual merit and wonderful breeding quality. He was sired by Wild Eyes 110645 and out of 51st Duchess of Airdrie, by Oxford Grand Duke 2d 88329.

Peculated Wild Eyes—Bates Wild Eyes tribe, long used at head of Elbert & Falls' herds and bought from them by C. C. Imp. Rose of Sharon—bred by Thos. Bates and brought to America by the Ohio Company in 1834. Abram Renick, of Kentucky, purchased Thames with Red Rose at her side. She afterwards produced Dorothy, and from these heifers the famous herd so well known throughout the cattle countries of the world, descended. On account of their great excellence and high breeding the demand was not confined to the States and Canada, but England made several large drafts for exportation from the Renick herd. Many of the grandest show and breeding bulls that were ever in this country were bred by Mr. Renick from this herd. Imp. Rose of Sharon—bred by Thomas Bates, Kirklevington, England; imported by the Ohio Company in 1834. She was one of the best cows ever imported to America. Her descendants have won as much or more renown than any other family of Short-Horns. Many of them have been exported to England at high prices and have given satisfaction wherever taken. From the Red Rose family that produced 2d Hubback (1423) and used on the Duchess, and considered by Mr. Bates to be the best bull he ever owned.

A cow of Mr. Thos. Bates' descended from the stock of Mr. Maynard, of Eryholme.

Duchess of Kent—was one of the grandest of specimens of the Short Horn breed. She belonged to or descended from a family that has forced its way in popular favor by the number of grand individual animals it has produced. As far, too, as blood is concerned, she was one of the purest of the pure in Bates blood, having no out-cross whatever, tracing in all lines to animals bred and owned by the late Thos. Bates, Kirklevington, England, whose name and fame as a Short-Horn breeder will be known through all ages of the world, that is, wherever Short-Horns exist. At A. L. Hamilton's sale in Kentucky, June 11, 1884, 4th Duchess of Kent brought \$4,700; and at J. C. Hamilton's sale, September 25, 1884, 3d Duchess of Kent sold for \$5,000

Of Golden Lord—W. A. Harris says: "This bull has been intended to head the Linwood herd. He belongs to the strikingly handsome Golden Drop section of the herd, and has for dam one of the most valuable cows ever on the farm. The descendants of this grand specimen of the breed—Norton's Golden Drop, the matron of the family at Linwood—are ranked fully up to the costliest imported animals in the herd. The fame of the tribe as prize winners, on both sides of the water, and the long prices brought by various fine show animals belonging to it, give the Golden Drops a position absolutely second to none, and in this herd they are quite as noticeable for their finish and milking properties as for their wealth of flesh." His sire, Lord Mayor 112727, was bred by W. A. Harris; his dam, Norton's Golden Drop, by Underly Wild Eyes 31312; Imported Golden Drop 4th, by Sir Christopher (22895).

Walnut Hill Wild Eyes Duke—a pure Bates bull used at the head of the Walnut Hill herd; by 33d Duke of Airdrie 50833, a pure Duke bull, was purchased at a cost of \$3,100 in 1885 to head the Walnut Hill herd at five years old from Mr. T. W. Harvey, after winning the highest honors at the Nebraska state fair. He also won second premium at the Iowa state fair. ————	Blythe Comet (85).....	Mr. Champion

Count Waterloo 151016—sired by Victorious 121469; he by Lord Mayor 112727; out of 6th Linwood Victoria by Baron Victor 42825; Victoria 53d by Imp. Viscount 18507; Imp. Victoria 51st by Royal Duke of Gloster; dam, Waterloo Duchess of Hazelhurst 6th by Peculated Wild Eyes 109348; Waterloo Duchess 5th by 31st Duke of Airdrie 50831; Imp. Waterloo Duchess 3d, bred by Rev. J. D. Jefferson, Thicket Priory, York, England; purchased from him and imported by the late H. M. Vaile in 1880, on account of her high breeding and great individual excellence. Short Horn breeders will readily recognize this to be one of the very best branches of the famed Waterloo tribe, as bred by Mr. Thomas Bates. It is a family of the very highest conformation and ought to be of great value in the future as producers. Breeders are especially invited to study the rich blending of Cruickshank and Bates blood in Count Waterloo. He is undoubtedly a product of the very best Harris and Vaile strains, and has been pronounced by competent judges the best bull, individually, of 1902.

Walnut Hill Wild Eyes Duke—a pure Bates bull used at the head of the Walnut Hill herd—by 33d Duke of Airdrie 50833, a pure Duke bull, was purchased at a cost of \$3,100 in 1885 to head the Walnut Hill herd at five years old from Mr. T. W. Harvey, after winning the highest honors at the Nebraska state fair. He also won second premium at the Iowa state fair. He was retained for service at Walnut Hill as long as he was fit for service, leaving an impression on the herd which seemingly still continues. Dam, Imp. Lady Turncroft Wild Eyes 2d, by Duke of Tre-gunter 7th 51355.

33rd Duke of Airdrie—Bates Duchess tribe and grand prize winner; sold only a few years ago for over \$3,000, by 2d Duke of Barrington 50887; dam, 21st Duchess of Airdrie, by the \$12,000 Exp. 24th Duke of Airdrie (36460; 17th Duchess of Airdrie, by the \$6,000 10th Duke of Thorndale (24458); 9th Duchess of Airdrie, by Royal Oxford (18774).

Cow of Mr. Bates, Kirklevington, England.

Imp. Duchess 10th—red, of 1878, bred by George Allen, got by 2d Duke of Rowley (28441), etc. She was of the purest breeding. Mr. Allen purchased the cows Annette and Annette 3d from Thomas Bell direct and it is a well known fact that Mr. Bell considered them the best cattle he had, and since they came into Mr. Allen's possession nothing but the very best bulls have been used.

Baron President 128413—red, bred by C. W. Norton, Wilton, Iowa, got by Baron Victor 2d 101688, out of Glen Victoria 4th by Prince President 77023; Victoria Veech by Favorite 56041; Imp. Victoria 73d by Roan Gauntlet 45276.

Baron Cupbearer 117965—got by Baron Victor 2d 101688; Simplicity 2d by Imp. Cupbearer 91223; 2d Imp. Simplicity by Cumberland, combining the very richest of Mr. Cruickshank's breeding. He was a bull of the right type, being exceedingly low to ground and quite smooth with extra good handling qualities, was first in his class at Ohio and Michigan state fairs, and received second premium at Illinois state fair 1895.

Of Golden Lord—W. A. Harris says: "This bull has been intended to head the Linwood herd. He belongs to the strikingly handsome Golden Drop section of the herd, and has for dam one of the most valuable cows ever on the farm. The descendants of this grand specimen of the breed—Norton's Golden Drop, the matron of the family at Linwood—are ranked fully up to the costliest imported animals in the herd. The fame of the tribe as prize winners, on both sides of the water, and the long prices brought by various fine show animals belonging to it gives the Golden Drops a position absolutely second to none, and in this herd they are quite as noticeable for their finish and milking properties as for their wealth of flesh." His sire, Lord Mayor 112727, was bred by W. A. Harris; his dam, Norton's Golden Drop, by Underly Wild Eyes 31312; Imp. Golden Drop 4th, by Sir Christopher (22895).

Highland Chief—represents a type of cattle that may be bred with profit to every farmer and breeder. He is a typical bred Short Horn the ideal feeder's beast. In a letter of February 10, 1898, Col. F. M. Woods says: "Highland Chief is a darling. He is one of those great big little bulls, short-legged, meaty, easy feeders. A bull to sire just the kind of cattle now demanded."

The Arabella family has been held in the highest esteem in New England for over sixty years—she herself having been imported into Massachusetts in 1822 by Samuel Williams, Esq., of Boston. It is a heavy milking family, and but few families have given a more general satisfaction for the purposes for which the Short-Horn tribe was intended.

Waterloo Duke of Albia—a pure Bates Waterloo, by Airdrie Duke of Hazelhurst 117846; dam, Waterloo Duchess 36th, by Wild Eyes Winsom's Earl 105993, tracing to Imp. Waterloo Duchess 3d by Waterloo Earl 41426.

Fennell Acomb Duke—a pure Bates bull by Acomb Duke 4th of Walnut Hill 110747; dam, Fennell Duchess 3d of Walnut Hill by Duke of Independence 85844, tracing to Imp. Duchess of Raby, by Royal Lancaster (29870).

Lord Bates—pure Bates Hilba, by Barrington Duke 37622 (son of the \$17,900 pure 14th Duke of Thorndale and Imp. Lally 8th), out of Loo Bell Geneva 2d, by Imp. Grand Duke of Geneva (28756) (long used in those magnificent herds of Short-Horns of F. Leney & Son in England, B. B. Groom, Esq., and the Hamiltons of Kentucky); the pure Imp. Loo Bell by 3d Lord Lally (24408), etc.

Imp. Wild Eyes Connaught—pure Bates Wild Eyes, and son of the \$23,000 Duke of Connaught (33604) [the highest priced bull of any breed of cattle ever sold in the world], and great grandson of the \$17,900 14th Duke of Thorndale (28459) [the highest priced bull of any breed of cattle ever sold in America], out of Exp. Wild Rose by the pure Exp. 6th Duke of Geneva (30959); Imp. Wild Eyes 26th (Vol. 9, p. 1008), by the pure Earl of Walton (17787); Wild Eyes 24th, by the pure 4th Duke of Oxford (11337), etc.

Autocrat and Autocrat 2d—full brothers and pure Princess; by Marmion 2262, from Tuberoze 3d by 809 3d Duke of Cambridge; g. d., the pure Princess cow Imp. Tuberoze 2d by Earl of Antrim 836; Tuberoze by South Durham 1186; Rose Ann by Bellerphan 56, etc.

A cow of Mr. T. Bates, descended from the stock of Mr. Maynard, of Eryholme.

Rowfant Kirklevington 3d—was imported by Mr. Richard Gibson, June 14, 1881, and was purchased for the Walnut Hill herd in 1885.

Duchess of Kent—is one of the grandest specimens of the Short-Horn breed. She belonged to, or descended from, a family that has forced its way in popular favor by the number of grand individual animals it has produced. As far, too, as blood is concerned, she was one of the purest of the pure in Bates blood, having no out-cross whatever, tracing in all lines to animals bred and owned by the late Thomas Bates, Kirklevington, England, whose name and fame as a Short Horn breeder will be known through all ages of the world, that is, wherever Short Horns exist. At A. L. Hamilton's sale in Kentucky, June 11, 1884, 4th Duchess of Kent brought \$4,700, and at J. C. Hamilton's sale, same year, 3d Duchess of Kent sold for \$5,000.

Count Waterloo 151016—sired by Victorious 121469 (he by Lord Mayor 112727, out of 6th Linwood Victoria by Baron Victor 42824; Victoria 53d by Imp. Viscount 18507; Imp. Victoria 51st by Royal Duke of Gloster); out of Waterloo Duchess of Hazelhurst 6th by Peculated Wild Eyes 109348; Waterloo Duchess 5th by 31st Duke of Airdrie 50831; Imp. Waterloo Duchess 3d was imported in 1880 by the late H. M. Vaile. Breeders are respectfully invited to study the rich blending of Cruickshank and Bates blood in Count Waterloo. He was purchased to use on the Walnut Hill herd where he has proven himself a very valuable sire by the neat finish and thick flesh carrying qualities of his get. He is undoubtedly a worthy representative of the very best Harris and Vaile strains and has been pronounced by competent judges the best bull of 1902.

Highland Chief—a richly bred Scotch bull of the Mysie family; sired by True Highlander 121401; out of Mysie of Aberdeen, by Imp. Amhurst 49768; Mysie of Turlington, by Imp. Violet Knight 78287 (bred by A. Cruickshank; out of Village Pride, by Senator; Village Rose, by Champion of England); Mysie 45, by Imp. Earl of Aberdeen 45992 (bred by A. Cruickshank; got by Barmpton (37763); Silvery, by Champion of England (17526); Mysie 43d, by Crown Princess of Athelstane 2d 16585.

Strathearn Chief—inherits from both sides of the pedigree the potency of supreme individual merit; both sires and dams have been successful competitors for highest honors in the show ring for many generations, and when the breeding of the past has so nicked that there exists that potency for uniformity of color and form as is seen in the calves of this grand bull, the proof is established in his own merit. He was sired by Imp. Scottish Chief 95121 (bred by Wm. Duthie, imported by Luther Adams, sired by Prince of Orange 77016); dam, Red Rose of Strathearn, by Imp. Duke of Lavender 69290 (bred by A. Cruickshank), etc., to Imp. Rose of Strathallan; bred by Lord Strathallan, of Strathallan Castle, Scotland.

Mysie's Butterfly—got by Mysie's Amhurst 93911, out of Aberdeen Butterfly 3d, by Amhurst 49768, out of Imp. Dorothy, by Shuttlecock (35520). Mysie's Amhurst 93911 is a full brother to Mysie of Aberdeen, a most profitable cow.

Imp. Amhurst—was a red bull of Mr. Cruickshank's breeding; individually of typical Scotch compactness and shortness of leg, and in point of valuable blood combinations the peer of any of the Sittyton bulls ever imported to America. His sire, Royal Victor (43972) was got by the prize bull, Pride of the Isles (35072); out of Victoria 48th, by Lord Lancaster (26666); second dam, Victoria 39th, by Champion of England (17526). The dam of Amhurst was the richly bred Sittyton cow, Amaranth, a half-sister to Col. W. A. Harris' celebrated breeding bull, Imp. Baron Victor, having been sired by Barmpton (37763); out of Amaryllis, by Lord Lancaster (26665); second dam, the famous Cruickshank cow, Azalea, by the show bull Caesar Augustus (25704); third dam, Anemone, by Forth (17866), the grandest Short-Horn of his day in North Britain. It thus appears that Amhurst carried the blood of the very best of Mr. Cruickshank's most famous show and breeding stock.

Oxford 2d—[Own sister of the Cleveland Lads] produced to 2d Duke of Northumberland that fine cow, Oxford 6th, generally considered the best of the family sold at the Kirklevington sale, being bought by the rare judge, Lord Ducie, and she to 4th Duke of York, produced Oxford 15th, purchased at the Tortworth sale for the Duke of Devonshire, who has retained the sort every since, and where they have become distinguished for their size, wealth of flesh, and the true Short Horn character. It is generally admitted that the Holker herd, from which the Grand Duchess of Oxford 60th comes, is the best in England, taking as a basis, size, flesh, vigor, hair, quality and style, combined with high breeding and sale value—and that the Grand Duchess of Oxford family are individually the best as well as the most valuable.

He is undoubtedly a worthy representative of the very best Harris and Vaile strains and has been pronounced by competent judges as the best bull seen in 1902.

Rowley's Kirklevington—pure Bates—was for several years used as stock bull at Walnut Hill, when by the smoothness and uniformity of his get he proved a very valuable sire. He was by Waterloo Duke 8th 89876; dam Kirklevington Princess 21st, by Kirklevington Duke 4th 87440; Kirklevington Princess 8th, by 31st Duke of Airdrie 50831; Imp. Kirklevington Princess 6th, by 3d Duke of Hillhurst (30795).

Walnut Hill Wild Eyes Duke—a pure Bates bull used at the head of the Walnut Hill herd, by 33d Duke of Airdrie 50833, a pure Duke bull, was purchased at a cost of \$3.100 in 1885 to head the Walnut Hill herd at five years old from Mr. T. W. Harvey, after winning the highest honors at the Nebraska state fair. He also won second premium at the Iowa state fair. He was retained for service at Walnut Hill as long as he was fit for service, leaving an impression on the herd which seemingly still continues. Dam, Imp. Lady Turncroft Wild Eyes 2d, by Duke of Tregunter 7th 51355.

Count Waterloo 151016—sired by Victorious 121469; he by Lord Mayor 112727; out of 6th Linwood Victoria by Baron Victor 42825; Victoria 53d by Imp. Viscount 18507; Imp. Victoria 51st by Royal Duke of Gloster; dam, Waterloo Duchess of Hazelhurst 6th by Peculated Wild Eyes 109348; Waterloo Duchess 5th by 31st Duke of Airdrie 50831; Imp. Waterloo Duchess 3d, bred by Rev. J. D. Jefferson, Thicket Priory, York, England; purchased from him and imported by the late H. M. Vaile in 1880, on account of her high breeding and great individual excellence. Short Horn breeders will readily recognize this to be one of the very best branches of the famed Waterloo tribe, as bred by Mr. Thomas Bates. It is a family of the very highest conformation and ought to be of great value in the future as producers. Breeders are especially invited to study the rich blending of Cruickshank and Bates blood in Count Waterloo. He is undoubtedly a product of the very best Harris and Vaile strains, and has been pronounced by competent judges the best bull, individually, of 1902.

Rowley's Kirklevington 120907—pure Bates; by Waterloo Duke 8th 89876; dam, Kirklevington Princess 21st by Kirklevington Duke 4th 87440; Kirklevington Princess 8th by 31st Duke of Airdrie 50831; Imp. Kirklevington Princess 6th by 3d Duke of Hillhurst (30975).

15th Duke of Hilldale—pure Duke—by 2d Duke of Brant 55479; dam 2d Duchess of Hilldale, by 22d Duke of Airdrie 16695.

Duke of Oxford 54th—a red roan, son of the old 4th Duke of Clarence (33597); dam 20th Duchess of Oxford, by Imp. Grand Duke of Geneva (28756) [used with such success by Messrs. Hamilton of Kentucky]; second dam 7th Maid of Oxford, by 7th Duke of Airdrie (23718). It will be remembered that the Maids of Oxford have brought extraordinary prices, Lord Bective having paid over \$8,000 for the 10th Maid of Oxford at the Cheney sale of 1877; for 11th Maid of Oxford Mr. Lovatt gave \$7,000, and for the 8th Maid of Oxford and calf Earl Dunmore paid Mr. Cochrane \$6,500. 6th Maid of Oxford was one of the greatest cows of her time and brought \$4,000 at the Townly sale of 1873.

Rowfant Kirklevington 3d—was imported by Mr. Richard Gibson, June 14, 1881, and was purchased for the Walnut Hill herd in 1885, since which date eighty-five of her descendants—fifty-one females and thirty-four bulls—have been bred at Walnut Hill. She was a regular breeder until her seventeenth year, when, on account of losing her teeth she could not masticate her food and was killed. Her grand daughter Duchess of Walnut Hill, that appears in above pedigree, now in her seventeenth year, is a regular breeder, having dropped her thirteenth calf in July, 1901, and is again safe with calf.

Duchess of Kent—was one of the grandest specimens of the Short-Horn breed. She belonged to, or descended from, a family that has forced its way in popular favor by the number of grand individual animals it has produced. As far, too, as blood is concerned, she was one of the purest of the pure in Bates blood, having no out-cross whatever, tracing in all lines to animals bred and owned by the late Thomas Bates, Kirklevington, England, whose name and fame as a Short-Horn breeder will be known through all ages of the world, that is, wherever Short-Horns exist. At A. L. Hamilton's sale in Kentucky, June 11, 1884, 4th Duchess of Kent brought \$4,700, and at J. C. Hamilton's sale, same year, 3d Duchess of Kent sold for \$5,000.

Count Waterloo 151016—sired by Victorious 121469 (he by Lord Mayor 112727, out of 6th Linwood Victoria by Baron Victor 42824; Victoria 53d by *Imp. Viscount* 18507; *Imp. Victoria* 51st by Royal Duke of Gloster), out of Waterloo Duchess of Hazelhurst 6th by Peculated Wild Eyes 109348; Waterloo Duchess 5th by 31st Duke of Airdrie 50831; *Imp. Waterloo Duchess* 3d was imported in 1880 by the late H. M. Vaile. Breeders are respectfully invited to study the rich blending of Cruickshank and Bates blood in Count Waterloo. He was purchased to use on the Walnut Hill herd where he has proven himself a very valuable sire, by the neat finish and thick flesh carrying qualities of his get. He is undoubtedly a worthy representative of the very best Harris and Vaile strains and has been pronounced by competent judges as the best bull seen in 1902.

Chamberlain's Heir—bred by Philo L. Mills, Nottingham, England; imported July 18, 1900 and owned by M. E. Jones & Co., Williamsville, Illinois; sired by Lordly Archer 144773; dam, Imp. Ruby of Douglass 3d, by Chamberlain 138595.

Scotch Cup—a pure Scotch of the Secret family, as great a combination of size, style and finish as any bull in America—a 2,700-pound bull, and could have been pushed very close to 3,000-pound mark. His dam, the Cruickshank cow Seamaid, bred by Hon. John Dryden, of Canada, was one of the best Cruickshank cows ever brought to the United States. Got by Cruickshank bull Patriot 104692, out of Imp. Sultana, bred by A. Cruickshank, got by the famous Pride of the Isles, out of Souvenir, dam of Imp. Spartan Hero. Scotch Cup has been shown quite successfully through the east, had the honor of defeating many crack show bulls of America, including the champion, Royal Hero.

Imp. Cupbearer—has an almost unbroken succession of victories to his credit, won in the sharpest competition at the leading shows of both continents, his career as a show bull of both continents is too well known to need comment in this connection. Suffice it to say, he has won more championships in Great Britain, Canada and the United States than any bull ever imported, and as a sire has rivaled his show yard success, was got by Rob Roy 94845, out of Countess 4th by Gladstone (31253); Countess 2d, by Heir of Englishman (24122).

Imp. Sussex—got by Baron Violet 90446, out of Serenity by Barmpton 45246; Souvenir, by Royal Duke of Gloster 20901; Superb, by The Czar (20947); Splendor by Lord Sackville (13249); Sympathy, by Duke of Athol (10150).

Imp. Minna—bred by F. H. Fawkes, Farnley Hall, England, imported by R. A. Alexander of Woodburn Farm, Kentucky. The descendants of this famous cow have always been in the hands of the best breeders of the country and have universally sold at great prices. During the high times of Short Horn prices in 1874, '75, '76, several females of this tribe made in the sale rings from \$1,500 to \$3,400. As an individual family they are second to none. Note the high and costly bred sires that appear in the above pedigree.

Of Golden Lord W. A. Harris says: "This bull has been intended to head the Linwood herd. He belongs to the strikingly handsome Golden Drop section of the herd, and has for dam one of the most valuable cows ever on the farm. The descendants of this grand specimen of the breed—Norton's Golden Drop, the matron of the family at Linwood—are ranked fully up to the costliest imported animals in the herd. The fame of the tribe as prize winners on both sides of the water, and the long prices brought by various fine show animals belonging to it, give the Golden Drop a position absolutely second to none, and in this herd they are quite as noticeable for their finish and milking properties as for their wealth of flesh." His sire, Lord Mayor 112727 was bred by W. A. Harris; his dam, Norton's Golden Drop by Underly Wild Eyes 31312; imported Golden Drop 4th by Sir Christopher (22895).

Golden Thistle 103420—by *Imp. Thistle Top* 83876, dam 3d Linwood Golden Drop by *Imp. Baron Victor* 42824; Norton's Golden Drop by *Imp. Underly Wild Eyes* 31312; *Imp. Golden Drop* 4th by Sir Christopher (22895).

2d Duke of Brant 55479—Bates' Duchess tribe; was by the \$12,000 4th Duke of Clarence (26188); dam, 10th Duchess of Hillhurst by the \$14,000 3d Duke of Oneida 9927; 10th Duchess of Airdrie, dam of the \$12,000 4th Duke of Hillhurst by Royal Oxford (18874), sire of the \$9,000 19th Duke of Airdrie; 7th Duchess of Airdrie by Clifton Duke (23880.)

2d Duke of Hillhurst (39748)—Bates' Duchess tribe. Famous as a sire in England and America. Sold at public sale in 1874 for \$14,000. Was by the 6th Duke of Geneva (30959), dam, the \$12,000 *Imp. Duchess* 97th whose son sired the \$23,000 Duke of Connaught by 3d Duke of Wharfedale (21619); Duchess 92d by the 4th Duke of Oxford (11387); Duchess 84th by Arch Duke (14099).

Scottish Victor weighs 2,550 pounds in breeding condition, a very easy keeper, is strong and vigorous, has great style, a large body on short legs, a beautiful head, and neat horn, measures nine feet around the heart and is an exceedingly great sire throughout.

Lavender Lad—a choice red bull brought out from the Duthie herd in 1894 for use at Hill Farm. After having rendered excellent service for several seasons he was sold to Messrs. Lewis of Point Pleasant, West Virginia. He was a wide, deep, rich-fleshed bull of much character, and his daughters at Hill farm are highly prized. He was a son of Mr. Duthie's celebrated stock bull **Scottish Archer** 117301, out of Mr. Cruickshank's **Lavender** 46th by Dunblane 65995; **Lavender** 20th by **Pride of the Isles** 45274; **Lavender** 12th by **Count Bickerstaffe** 2d 26010.

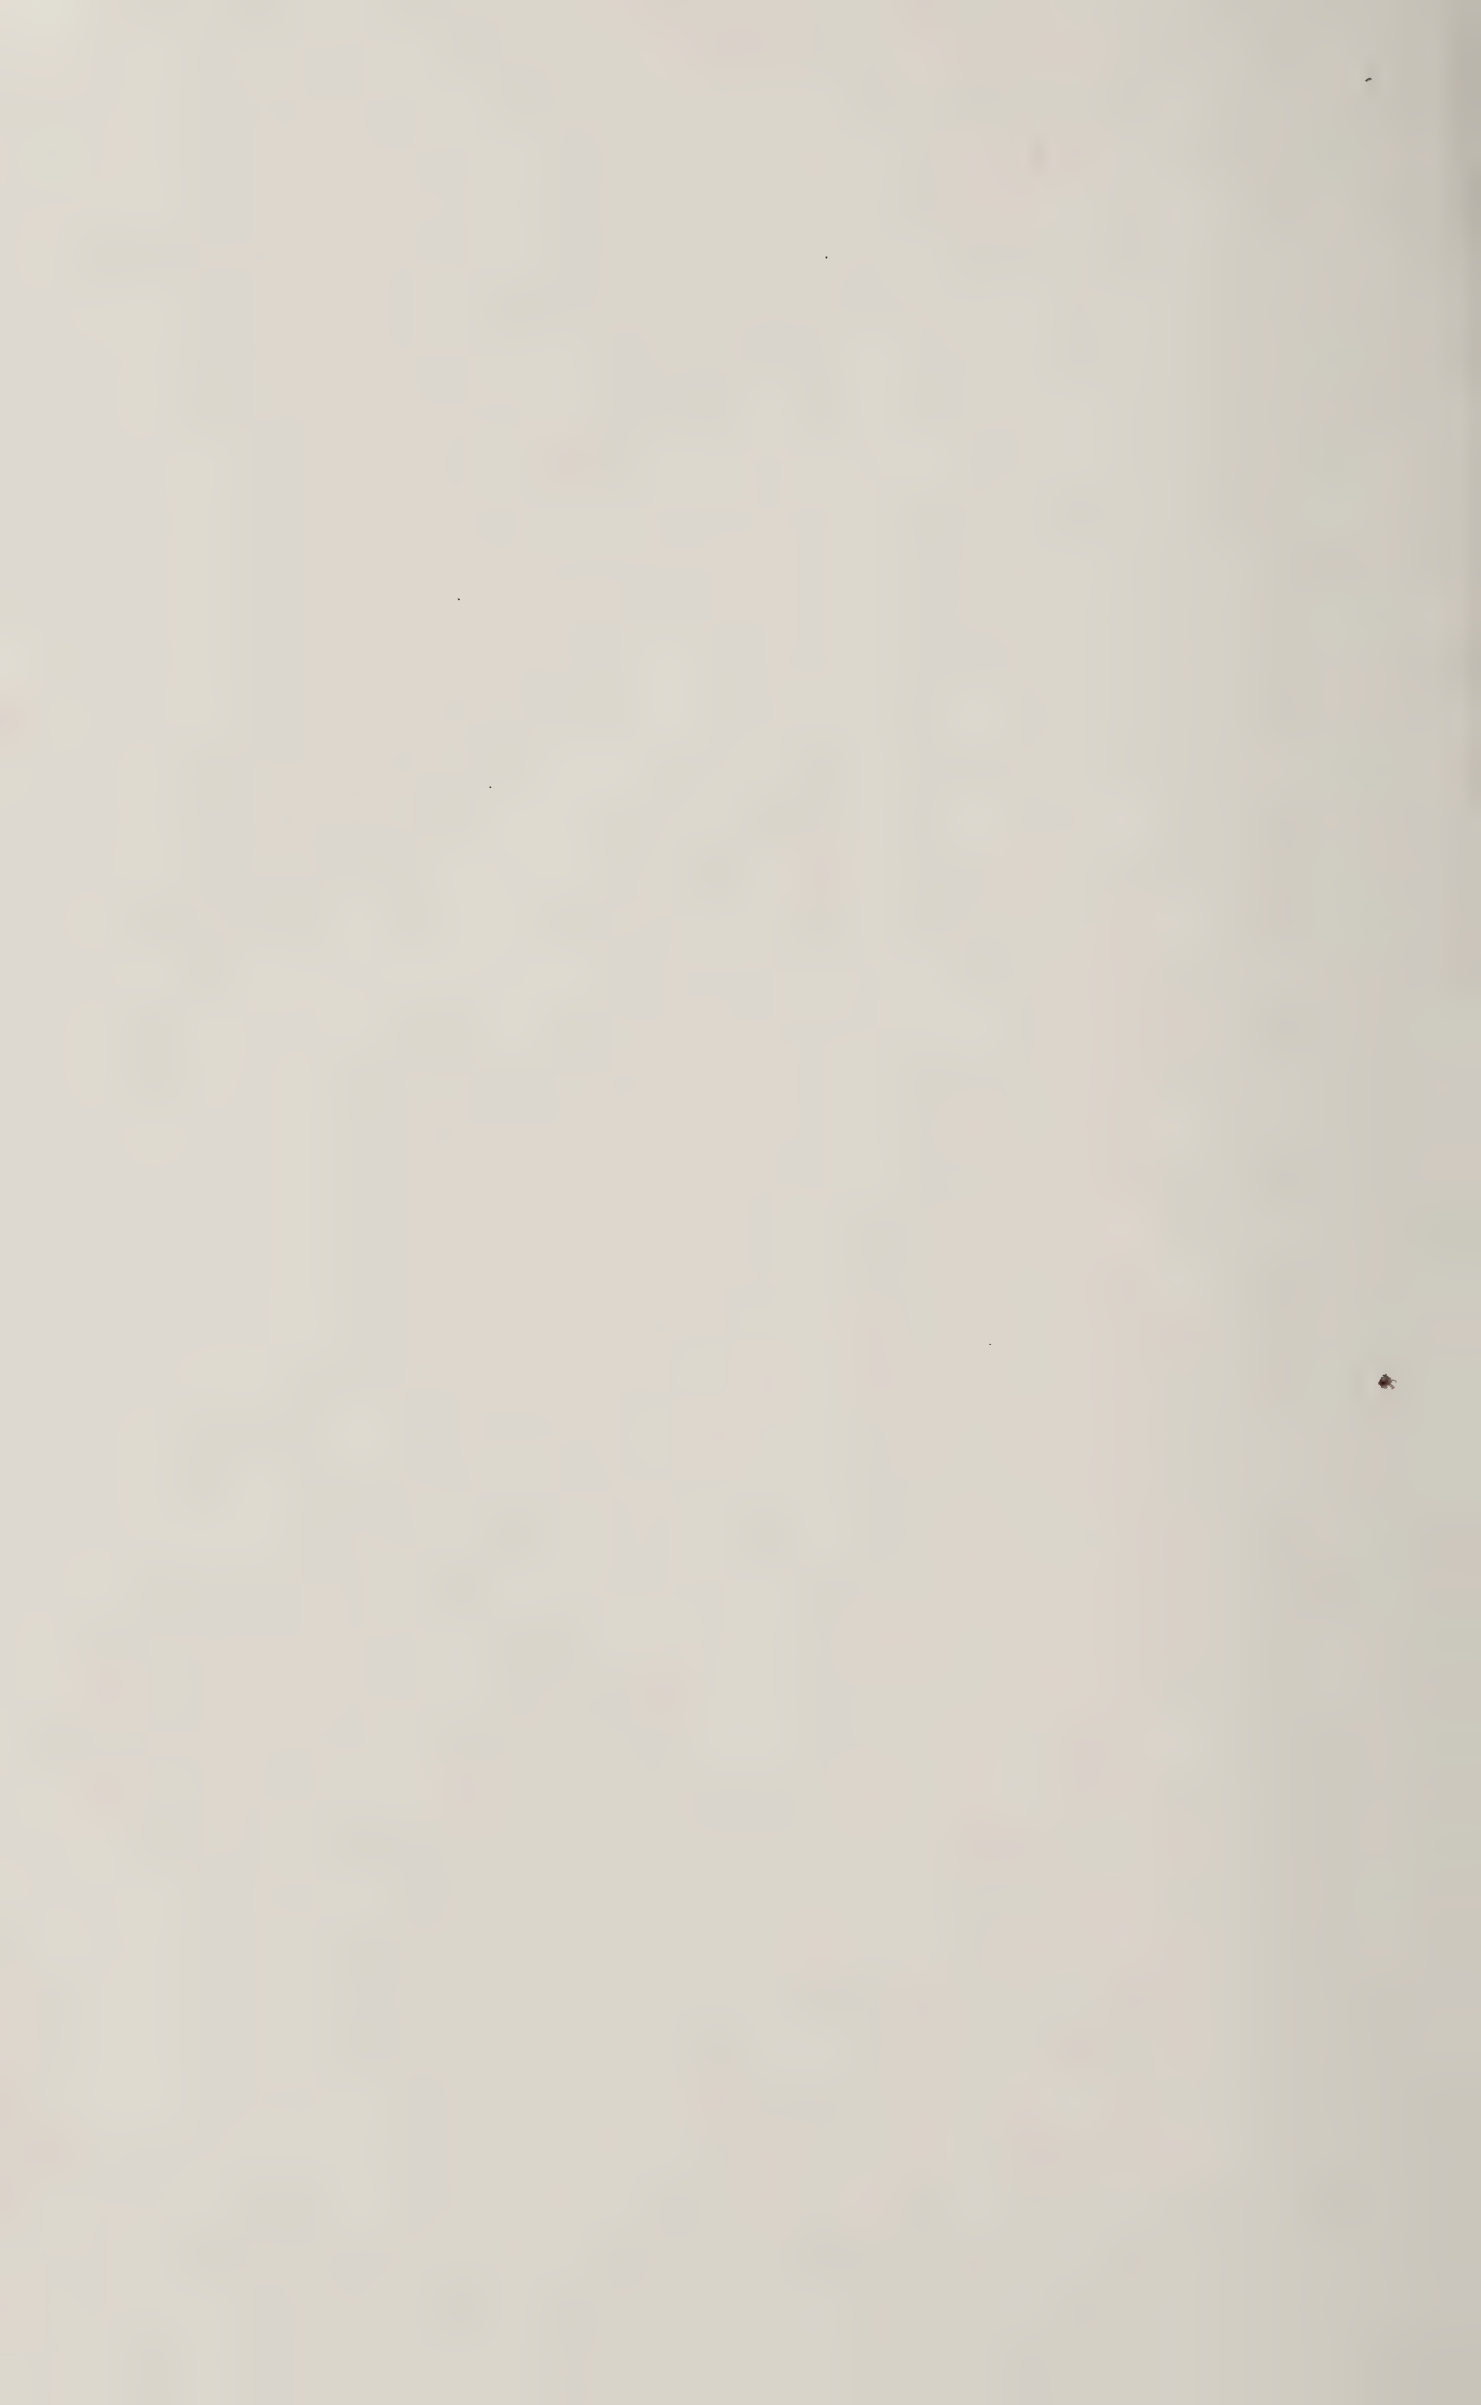

Baron Cruickshank was selected by Mr. C. B. Dustin as the best of Mr. Duthie's bull calves in the summer of 1891. He was for a time the joint property of Messrs. Dustin and J. F. Prather, but for some years past has been owned and used at Hill Farm. In his prime he was one of the deepest and thickest bulls the Aberdeenshire tribes have given the western states. His get have been uniformly distinguished for their early maturity and quick fleshing qualities. He was sired by the Cruickshank-bred **Collingwod** 106881, out of **Maria** 10th by **Field Marshall** 64894.

Giltspur—Got by **Cawdor** 65412 (a son of **Royal Violet** 58684), out of **Courtesy** by **Scotland's Pride** (25100). His dam was **Gazelle** by **Roan Gauntlet** 45276; second dam **Evening Star** by **Royal Duke of Gloster** 20901, and his third dam was **Morning Star** by **Champion of England** (17526).

Imp. Wild Eyes 34th—bred by J. Thom, Penrith, England; selected by the late Col. H. M. Vaile, of Independence, Mo., on account of her individuality and high breeding, and imported in 1880. Short Horn breeders everywhere appreciate the high esteem in which the Wild Eyes tribe is held, being one of the favorite tribes of Mr. Thos. Bates, who as a breeder stood unexcelled during his day and generation.

Cragg's Duke 3d—a pure Bates bull; red, and a grand, low down blocky individual—sired by Rowley's Kirklevington 120907—pure Bates; dam 29th Duchess of Oak Hill; tracing to Imp. Alice Maude, by Imp. Grand Duke.

Golden Lord—belongs to the strikingly handsome Golden Drop family, a noted tribe of prize winners; his sire, Lord Mayor 112727, bred by W. A. Harris; his dam, Norton's Golden Drop, sired by Underly Wild Eyes 31312; grand dam Imp. Golden Drop 4th, by Sir Christopher (22895). [See full pedigree appendix.]
